In Reference To:

Commercial Shearing,
10 Dartfield road,
Jet Park, Boksburg 1469
South-Arica.

Date: 21 December 2023

To whom it may concern,

J. H. Fletcher & Co. would like to confirm that Commercial Shearing, has been appointed as an OEM authorized distributor and repairer of hydraulic components, pertaining to all Fletcher mining equipment in Sub-Saharan Africa.

More specifically, Commercial Shearing shall be authorized to perform the following:

- Manufacture, repair and sell all stacked control valves (commonly referred to as valve banks) according to Fletcher OEM specifications.

In addition:

Commercial Shearing has been an authorized Parker-Hannifin (“Parker”) distributor and repairer for many years. Therefore, by extension, Fletcher has authorized Commercial Shearing to sell and repair all Parker products used on Fletcher mining equipment according to Fletcher OEM specifications. Most commonly, these products include:

- Hydraulic pumps and motors

Fletcher has utmost confidence in Commercial Shearing’s ability to serve and support our network of distributors and customers. In conjunction with their warrantee offering, they possess a wealth of technical expertise to fast-track fault finding and issue resolution. If you have any questions, feel free to contact your Fletcher territory manager or your local service representative from Commercial Shearing.

Kind Regards,

Gregory E. Hinshaw, C.E.O.
